

Britters' Critters Daycare

Comfort Kit List

Britters' Critters Daycare asks that you provide a comfort kit for your child in case of an emergency. The kit is very important and should be brought in as soon as possible. Your child's comfort kits should include the following:

- A comfort letter from the family which I will read to them as needed
- Family picture
- Bottle of water
- A few non-perishable snack (ex. Granola bar, fruit snack etc)
- Comfort object (ex. Stuffedie)
- A few bandaids

Ask your child to assist you as you pack a comfort kit. You can help them write a note or draw a picture for you to put in their comfort kit. Use this time to talk about emergencies and preparedness.

Please place all these items in a medium-large Ziploc bag with the child's first and last name written in black permanent marker. All comfort kits will be kept in a water tight tote.
